

PREPRESS / REPRO OPERATOR – PRINT TECHNICAL SUPPORT – ARTWORK DESIGNER

Stolte Communications, a dynamic Print Management Agency in Prague, is looking for an enthusiastic and capable candidate for this position.

You'll be working with a young international team, in a friendly and stimulating work environment. Stolte Communications is a well-established and successful agency, and part of the Janoschka Group.

A rewarding salary plus attractive benefits are waiting for a keen team player who is organized, responsible and works to precise standards. You'll need effective communications skills and a good knowledge of written and spoken English.

We also expect:

- Excellent skills in using Adobe Illustrator, InDesign, Photoshop (focus on color corrections).
- A thorough understanding of prepress software (Esco ArtPro and DeskPack), digital proofing (GMG), and various print techniques and their limitations (flexo, offset, gravure, dry offset).
- Good orientation in color management.
- An excellent feeling for artwork composition.

Your role will be satisfying and varied, including:

Prepress/Repro Operator

- Data preparation for various print techniques and print specifications
- Color tuning and proofing

Technical Support

- Supporting clients in print-related decisions
- Attending pre-production meetings

Artwork Developer

- Composing and correcting mechanical artwork

If you can meet our expectations, we'll meet yours!

Please send your English CV and accompanying letter to: jobs@stolte.eu
