

Experienced 3D POS cardboard designer

Jennings Prague is a leading multi channel marketing services provider. We are a wholly owned subsidiary of The Hecht SA Group of Companies with its HQ in Brussels Belgium.

Collectively we offer fully integrated graphic capabilities across Europe. We are wanting to increase the levels of cooperation between the Czech Republic and Belgium by recruiting two Czech /English speaking 3D designers. One vacancy would suit a designer willing to relocate from Prague to Brussels, who has ambitions to practice their skills in another country, to gain all round experience of working on major blue chip European accounts. The second vacancy is for similar experienced 3D designer to work in our Prague creative studio within the historic Kaunicky Palace on Panská, Prague 1.

3D. PREPRESS OPERATOR - POS/CARDBOARD

Job Description:

Managing the daily creation and processing of cardboard displays and point-of-sale materials through appropriate software packages on Windows and Mac OSX. You will need to think creatively with customers and translate concepts technically through to the production department.

Profile:

- . You have experience in graphic design
- . You are familiar with software like ArtiosCad and 3DMax or equivalent
- . You are driven to find technical solutions related to digital and offset production processes.
- . You can demonstrate previous experience working within the POS sector or other sectors related to cardboard
- . You speak fluent English.

Offer:

We offer you an exciting job in an exciting and international environment.

Appropriate compensation depending on experience and skills.
