

PERMEA & MELPRO 2016

May 15 – 19, 2016, Hotel Pyramida, Prague, Czech Republic

TOPICS:

Organized by Czech Membrane Platform

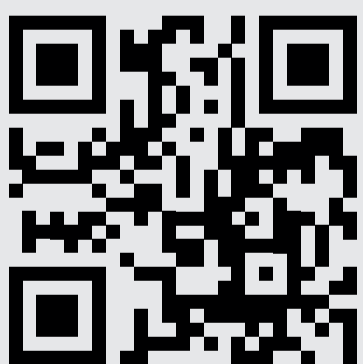

Conference PERMEA

- Membrane Development and Characterization
- Transport Phenomena, Fouling, Modelling, and Simulation
- Pressure Driven Membrane Processes
- Thermally and Concentration Driven Membrane Processes
- Gas and Vapour Separation
- Other (General Session)

Conference MELPRO

- Electromembrane Separation Processes
- Integrated Membrane Processes in Technological Application
- Electromembrane Processes in Energy Conversion and Storage
- General Session and New Trends
