

**Katedra organické chemie
Fakulta chemicko-technologická
Univerzita Pardubice**

**Department of Organic Chemistry
Faculty of Chemical Technology
University of Pardubice**

**Publikace v mezinárodních odborných časopisech za rok 1995
Scientific papers in international journals for the year 1995**

Sedlák M., Halama A., Kaválek J., Macháček V.: *Preparation, ^1H and ^{13}C NMR Spectra of Substituted 2-Benzoylaminocarboxamides.* Collect. Czech. Chem. Commun. 60, 150 (1995).

Nálepa K., Halama A., Nevěčná T., Bekárek V.: *^1H NMR Study of 3,5-Disubstituted 6-Oxo-1,2-dihydro-1,2,4-triazines.* Collect. Czech. Chem. Commun. 60, 251 (1995).

Kulhánek J., Pytela O.: *Chemometric Analysis of Substituent Effects. VI. A Study of ortho Effects in dissociation of 2,6-Disubstituted Benzoic Acids.* Collect. Czech. Chem. Commun. 60, 829 (1995).

Ludwig M., Pařík P., Kulhánek J.: *A Study of Transmission Effects of Sulfonyl and carbonyl Groups.* Collect. Czech. Chem. Commun. 60, 841 (1995).

Pytela O., Halama A.: *Chemometric Analysis of Substituent Effects. VII. Inductive Effects as a Basic Substituent Effects. Isoeffects Substituent Constant.* Collect. Czech. Chem. Commun. 60, 1316 (1995).

Macháček V., Čegan A., Halama A., Rožňavská O., Štěrba V.: *Reactions of 4-Amino-3-penten-2-one and its N-Substituted Derivatives with Diazonium Ions.* Collect. Czech. Chem. Commun. 60, 1367 (1995).

Pytela O.: *Chemometric Analysis of Substituent Effects. VIII. Alternative interpretation of Substituent Effects (AISE).* Collect. Czech. Chem. Commun. 60, 1502 (1995).

Kulhánek J., Pytela O.: *Study of Additivity of Substituents Effects in the Case of diortho-Substituted Substrates.* Organic Reactivity (Tartu) 29, 65 (1995).

Ludwig M., Pařík P.: *Dissociation of Substituted N-Phenylsulfonylbenzamides-Effects of Sulfonyl and Carbonyl Groups.* Organic Reactivity (Tartu) 29, 75 (1995).
