

The Ministry of Education, Youth and Sports has registered pursuant to Section 36(2) of Act No.111/1998 Coll., on Higher Education Institutions and on Amendments to Other Acts (Higher Education Act), under No. MSMT-23048/2022-2 Rules for Associate Professorship and Professorship Qualification Procedures at the University of Pardubice as of the date of signing the registration.

Amendments to the Rules for Associate Professorship and Professorship Qualification Procedures at the University of Pardubice were registered by the Ministry of Education, Youth and Sports under Section 36(2) and (5) of the Higher Education Act on 3 May 2024 under No. 7499/2024-2.

.....
Mgr. Karolína Gondková
Head of Higher Education

AMENDMENTS 1 TO
THE RULES FOR ASSOCIATE PROFESSORSHIP AND
PROFESSORSHIP QUALIFICATION PROCEDURES AT THE
UNIVERSITY OF PARDUBICE

Article 1

Introductory Provisions

The Rules for Associate Professorship and Professorship Qualification Procedures at the University of Pardubice ("Rules") are issued in accordance with Act No. 111/1998 Coll., on Higher Education and on Amendments to Other Acts (Higher Education Act), as amended, ("Act"), and supplement the basic principles of the associate professorship qualification procedures set out in Section 72 of the Act and the basic principles of the professorship qualification procedures set out in Section 74 of the Act.

Article 2

Common Provisions

1. The list of fields of study for associate professorship qualification procedures and professorship qualification procedures by the faculties authorised to conduct these procedures is published in the public section of the University of Pardubice ("the University") website.
2. At the level of the Rectorate, the Office for Research and Development ("ORD") administers associate professorship and professorship qualification procedures at the University.
3. In accordance with Section 75 of the Act, the relevant faculty shall publish information on the commencement of the associate professorship qualification procedure and the professorship qualification procedure and subsequently the dates of the public meeting of the faculty's

scientific or arts board ("faculty's scientific board") in the public section of the University's website; it shall also publish information on the termination of the procedure without delay.

4. The dates of public meetings of the University of Pardubice's Scientific Board ("University's Scientific Board"), at which associate professorship qualification procedures or professorship qualification procedures are discussed, are published by the ORD in accordance with Section 75 of the Act on the public part of the University's website.

5. The faculty sends the proposal for the initiation of the associate professorship qualification procedure and the professorship qualification procedure submitted by the candidate in writing (electronically or in paper form), including the data referred to in Section 75(2) of the Act, to the ORD. This office shall lay down more detailed conditions for the transmission. The responsible ORD officer shall prepare the submission materials, which shall be sent to the Ministry of Education, Youth and Sports ("Ministry") after the Rector's signature. This also applies in the event of modification, suspension, or termination of the procedure. The faculty shall send to ORD all information on the initiation, modification, suspension, or termination of the procedure in writing using the current form "Publication of Associate professorship qualification procedure Information" available on the Ministry's website.¹

6. The faculty is responsible for archiving the documents, the University Library is responsible for archiving the hard copy of the habilitation thesis, the publication of habilitation theses in electronic form is regulated in Article 5(3) to (9).

7. The fee for acts related to the associate professorship qualification procedure or the professorship qualification procedure is specified in Article 34 of the Statutes of the University of Pardubice.

Article 3

Associate Professorship Qualification Procedure

1. The associate professorship qualification procedure is conducted by the faculty in accordance with Section 72 of the Act, the Rules of Procedure of the Faculty's Scientific Board, the application for accreditation of the relevant procedure approved by the National Accreditation Bureau, these Rules, and other faculty guidelines, as appropriate.

2. The associate professorship qualification procedure is conducted in accordance with Section 72 of the Act, the Rules of Procedure of the Faculty's Scientific Board, these Rules, and other internal standards of the faculties. The procedure is carried out by the faculty in cooperation with ORD.

3. The associate professorship qualification procedure is initiated by the submission of the candidate's proposal to the dean of the faculty authorised to hold the associate professorship qualification procedure. The candidate may withdraw his/her proposal up to the time of the start of the secret ballot of the Faculty's Scientific Board.

¹ <https://www.msmt.cz/vzdelavani/vysoke-skolstvi/habilitacni-a-jmenovaci-rizeni>.

4. If the candidate works at another university, the dean may request the written opinion of the dean or rector of that university on the proposal.

5. The criteria for assessing the candidate's scientific or artistic level and pedagogical competence are set by the faculty authorised to conduct the associate professorship qualification procedure.

6. The layout of the habilitation thesis is based on the University's internal standards governing the layout of theses² and is also governed by the conventions of the discipline.

7. The habilitation lecture and the defence of the habilitation thesis take place at a public meeting of the Faculty's Scientific Board.

8. The proposal of the Faculty's Scientific Board for appointment as associate professor is forwarded by the Faculty's Scientific Board to the Rector through the Dean. The proposal must contain the elements listed in Section 72(2) of the Act and below:

- a) the Dean's opinion on the proposal for appointment as associate professor containing an evaluation of the candidate's scientific and pedagogical activities,
- b) one printout of the habilitation thesis,
- c) a copy of the reports of the reviewers of the habilitation thesis,
- d) the proposal of the habilitation committee with the reasons for the proposal,
- e) the minutes of the meeting of the Faculty's Scientific Board with the result of the secret ballot,
- f) data for the diploma processing listed in Annex 1 – to be sent in printed and electronic form to ORD.

9. If the Rector disagrees with the proposal for appointment, he/she shall submit it to the University's Scientific Board for discussion with his/her justification in accordance with Section 72(11) of the Act. If the proposal for appointment as associate professor fails to obtain a majority of votes of all members of the University's Scientific Board in a secret ballot, the procedure shall be terminated and the Rector shall notify the candidate in writing, together with the resolution of the University's Scientific Board and his/her justification, through the Dean. The person authorised by the Dean shall arrange the administrative matters related to the termination of the associate professorship qualification procedure in accordance with Section 72(12) of the Act. Otherwise, the Rector shall appoint the associate professor.

10. Appointment as associate professor in a particular field of study on the basis of the associate professorship qualification procedure is communicated in writing to the candidate and the Dean by the Rector, indicating the date on which the candidate was appointed associate professor.

² Directive No. 7/2019 Rules for Submission, Publication and Layout of Theses.

The award of the associate professor's diploma shall normally take place at a ceremony at the University.

Article 4

Conflict of Interest Procedure in the Associate Professorship Qualification Procedure

1. This procedure regulates the rules for avoiding conflicts of interest in relation to the obligation to ensure that there are no conflicts of interest of individual university and faculty bodies, members of habilitation committees or reviewers of habilitation theses during the associate professorship qualification procedure at the University.

2. The following individuals shall not serve as the chairperson or a member of the habilitation committee or a reviewer of the habilitation thesis:

- a) the candidate's immediate superior or direct subordinate,
- b) co-author of more than five publications or other creative outputs of the candidate listed in the documents submitted by the candidate at the start of the associate professorship qualification procedure,
- c) a person close³ to the candidate,
- d) any other person who declares a possible conflict of interest.

3. If the candidate is a member of the scientific board of the faculty at which his/her procedure is being conducted, the candidate is excluded from voting on those resolutions of the scientific board of the faculty in question which have any connection with his/her procedure. The number of votes required for the adoption of a resolution shall not be altered by this exclusion.

4. In the event that the Dean of a faculty submits a proposal to initiate his/her associate professorship qualification procedure at the faculty in question, all activities that the Dean performs in the associate professorship qualification procedure shall be performed instead of the Dean by a member of the Scientific Board of the faculty in question selected by the Board.

Article 5

Publication of Habilitation Theses

1. With the proposal to initiate the associate professorship qualification procedure, the candidate submits the habilitation thesis to the faculty, both in printed and electronic form.

2. Habilitation theses submitted for defence are published in printed or electronic form for public viewing at least five working days before the associate professorship qualification procedure at the workplace where the defence will take place.

3. After the Rector approves the proposal for appointment as associate professor, the ORD submits a printed copy and an electronic version of the habilitation thesis to the University Library.

³ Section 22(1) of Act No. 89/2012 Sb., the Civil Code, as amended.

4. Successfully defended habilitation theses are published in electronic form, including annexes, reports of reviewers and minutes of the meeting of the Faculty's Scientific Board, non-profitably through the Digital Library of the University of Pardubice.
5. If the habilitation thesis is a collection of publications or other creative outputs of scientific work, only a list of these outputs is included in the electronic version of the habilitation thesis. The full texts of the published outputs shall be submitted in another file and published according to the publisher's rules.
6. An employee of the University Library is responsible for the execution and publication of habilitation theses in electronic form.
7. The procedure for the publication of the habilitation thesis in electronic form, including the responsibilities of individual participants, is specified in a separate Annex 4.
8. Successfully defended habilitation theses in printed form shall be published non-profitably through the University Library.
9. Habilitation theses that have been published in a manner other than in the Digital Library of the University of Pardubice in accordance with Section 75(4) of the Act shall not be published in accordance with this measure.

Article 6

Postponement of Publication of the Habilitation Thesis

1. In justified cases⁴, pursuant to Section 47b(4) of the Act, the publication of the habilitation thesis or a part thereof may be postponed for the duration of the impediment to publication, but for no longer than 3 years from the date of the defence.
2. In the case of postponement of publication, the record in the Digital Library of the University of Pardubice is accompanied by the justification given in Annex 3.
3. A request for a justified postponement of publication is submitted by the author using the form for postponement of publication (Annex 3). The postponement of publication is approved by the Dean of the relevant Faculty.
4. If the publication of the habilitation thesis is postponed, one copy of the thesis shall be sent to the Ministry for retention without undue delay. The faculty concerned is responsible for sending the thesis with postponed publication.

Article 7

⁴ For example, Act No. 121/2000 Sb., on Copyright, on Rights Related to Copyright and on Amendments to Certain Acts (Copyright Act), as amended, Act No. 412/2005 Sb., on the Protection of Classified Information and on Security Clearance, as amended, Sections 504, 2976 and 2985 of Act No. 89/2012 Sb., the Civil Code, as amended.

Professorship qualification procedure

1. The professorship qualification procedure is conducted in accordance with Section 74 of the Act, the Rules of Procedure of the Faculty and University Scientific Boards, the application for accreditation of the relevant procedure approved by the National Accreditation Bureau, these Rules and other internal standards of the faculties. The procedure is carried out by the faculty in cooperation with the ORD.

2. The professorship qualification procedure shall be initiated in the manner specified in Section 74(2) of the Act. The elements of the proposal are set out in Section 72(2) of the Act. The proposal may be withdrawn until a secret ballot of the Faculty's Scientific Board has been opened.

3. The criteria for assessing the candidate's scientific level and pedagogical competence are set by the faculty authorised to conduct the procedure.

4. The proposal of the Faculty's Scientific Board that the candidate be appointed as a professor is sent by an authorised representative of the Faculty through the Dean in printed and electronic form to the hands of an ORD employee. It will then be forwarded to the University's Research Board through the Rector for consideration. He/she will accompany the proposal with:
 - a) the opinion of the committee established pursuant to section 74(3) of the Act, including the reasons therefor,
 - b) the minutes of the meeting of the Faculty's Scientific Board with the result of the secret ballot,
 - c) data for the preparation of the proposal for the appointment as professor in printed and electronic form pursuant to Section 74(2) of the Act and listed in Annex 2, including an overview of the candidate's publication activity and a citation analysis according to the conventions of the field,
 - d) the curriculum vitae of the candidate.

5. If the candidate works at another university, the Rector may request the written opinion of the Rector of that university on the proposal for appointment as a professor.

6. The candidate shall deliver a lecture in the form of a personal presentation to the University's Scientific Board, which should normally not exceed twenty minutes, and shall brief the University's Scientific Board with:
 - a) the conception of his/her scientific or artistic work and teaching in the field,
 - b) his/her contribution to scientific knowledge in the field of his/her appointment and his/her other intentions within that field,
 - c) his/her teaching activities at the University or other higher education institutions,
 - d) his/her most significant publishing activities.

7. The University's Scientific Board considers the proposal for appointment as a professor in debate and then votes on its submission to the President of the Republic through the Minister of Education, Youth and Sports ("Minister") by secret ballot.

8. If the proposal for appointment as a professor is not recommended by the Faculty's Scientific Board for further consideration by the University's Scientific Board because it has not received a majority vote of all members of the Faculty's Scientific Board, the procedure is terminated. The relevant faculty representative shall notify the ORD in writing together with the minutes of the meeting of the Faculty Scientific Board. Subsequently, the Rector shall notify the candidate and the Dean of the faculty concerned in writing of this fact, together with the reasons therefor.

9. If the proposal for appointment as a professor is not recommended by the University's Scientific Board for submission to the President of the Republic because it has not received a majority vote of all members of the University's Scientific Board, the procedure is terminated and the Rector notifies the candidate and the dean of the relevant faculty in writing of this fact, together with the resolution of the University's Scientific Board and his/her justification.

10. If the proposal for appointment as a professor receives a majority of votes of the members of the University's Scientific Board, the ORD will prepare the submission materials according to the current requirements of the Ministry in cooperation with the candidate for appointment as a professor and send them to the Ministry after the Rector's signature.

11. The Rector submits the proposal of the University's Scientific Board for appointment as a professor to the President of the Republic through the Minister.

Article 8

Conflict of Interest Procedure in the Professorship qualification procedure

1. This procedure regulates the rules for avoiding conflicts of interest in relation to the obligation to ensure that there is no conflict of interest between individual university and faculty bodies and members of committees in the procedure for the appointment of a professor at the University.

2. The following individuals shall not serve as a chairperson or member of a committee in the procedure for the appointment of a professor:

- a) the candidate's immediate superior or direct subordinate,
- b) co-author of more than five publications or other creative outputs of the candidate listed in the documents submitted by the candidate at the start of the procedure for appointment as professor,
- c) a person close to the candidate,
- d) any other person who declares a possible conflict of interest.

3. If the candidate in the professorship qualification procedure is a member of the Scientific Board of the faculty at which his/her procedure is being conducted or a member of the Scientific Board of the University, then the candidate is excluded from voting on those resolutions of the Scientific Board of the faculty in question or resolutions of the Scientific Board of the University which have any connection with his/her procedure. The number of votes required to pass a resolution shall not be altered by such exclusion.

4. In the event that the Dean of the faculty submits a proposal to initiate his/her own procedure for the appointment of a professor, all the activities that the Dean performs in the framework of this procedure shall be performed instead of the Dean by a member of the Scientific Board of the faculty concerned, selected by this Board.

5. In the event that the Rector of the University submits a proposal to initiate his/her procedure for the appointment of a professor, all activities performed by the Rector in the framework of this procedure shall be performed instead of the Rector by a member of the University's Scientific Board selected by this Board.

Article 9

Annexes

These Rules include the following Annexes:

Annex 1 – Data for the Processing of the Associate Professor Diploma

Annex 2 – Data for the Processing of the Proposal for Appointment as Professor

Annex 3 – Postponement of Publication of the Habilitation Thesis or Part Thereof

Annex 4 – Scheme for Collecting Data on the Habilitation Thesis in the Digital Library of the University of Pardubice (metadata).

Article 10

Transitional Provisions

1. Associate professorship qualification procedures and professorship qualification procedures that were initiated before the effective date of the first amendment to these Internal Regulations shall be completed in accordance with the existing Internal Regulations.

Article 11

Final Provisions

1. The Rules for Associate Professorship and Professorship Qualification Procedures at the University of Pardubice registered by the Ministry on 9 June 2017 under No. MSMT - 12551/2017 are hereby repealed.

2. Directive No. 3/2007 Framework Rules for Associate Professorship and Professorship Qualification Procedures at the University of Pardubice is hereby repealed.

3. These Rules were approved under Section 9(1)(B)(3) of the Act by the Academic Senate of the University on 24 May 2022.

4. These Rules shall come into force under Section 36(4) of the Act on the date of registration by the Ministry.

5. These Rules shall take effect on the date of registration by the Ministry.

Amendments to the Rules for Associate Professorship and Professorship Qualification Procedures at the University of Pardubice were approved by the Academic Senate of the University of Pardubice on 23 April 2024 pursuant to Section 9(1)(b)(3) of Act No. 111/1998 Sb., on Higher Education and on Amendments to Other Acts (Higher Education Act), as amended.

Amendments to the Rules for Associate Professorship and Professorship Qualification Procedures at the University of Pardubice shall come into force pursuant to Section 36(4) of the Higher Education Act on the date of registration by the Ministry of Education, Youth and Sports.

Amendments to the Rules for Associate Professorship and Professorship Qualification Procedures at the University of Pardubice, registered by the Ministry of Education, Youth and Sports on 3 May 2024 under No 7499/2024-2, shall take effect on the first day of the month following its registration by the Ministry (Amendments 1).

I. Pedagogical activity

1. Teaching:

Course (type of study – Bc. Mgr. Dr.)	University/faculty	Scope (hours/week)	Number of semesters	Type of teaching*
---	--------------------	-----------------------	------------------------	----------------------

*Lectures (L), seminars (S), laboratory exercises (LE)

2. Supervision of students in their final theses:

Type of final thesis ¹	Principal Supervisor	Co-Supervisor
Bachelor's thesis		
Master's thesis		
Dissertation		

¹ defended final theses of students

3. Supervision of doctoral students:

Student	University / field of study	Year of commencement	Year of completion / ongoing	Year of defence

4. Authorship of university textbooks, course books and learning support handbooks for distance learning (*only the most important titles*):

5. Innovative contribution to pedagogical work (*briefly*):

II. Scientific and professional activities

1. Summary overview

Type	Publications	Number
B	Monograph (professional book) authorship	
	Monograph (professional book) co-authorship	

C	Chapter(s) in a professional book	
D	Article in proceedings	
F	Outputs with legal protection (utility model, industrial design)	
G	Technically implemented outputs (prototype, working sample)	
Jimp	Publications in journals with impact factor according to Web of Science (WoS) (total)	
	- Number of publications in Q1 journals according to WoS	
	- Number of publications in Q2 journals according to WoS	
Jsc	Articles in Scopus journals ¹	
Jost	Article in other peer-reviewed journals ¹	
P	Patent	
R	Software	
Z	Semi-operation, proven technology, variety, breed	
Ost1	Presentation given by the candidate at international conferences in English	
Ost2	Outputs submitted for evaluation in Module M1 M17+ ² (total)	
	- outputs submitted for evaluation in Module M1 according to M17+ ³ rated 1-3	
Ost3	Projects of foreign providers (investigator or co-investigator)	
Ost4	Projects of national providers (investigator or co-investigator)	

¹ If Jimp is filled in, this is optional.

² Methodology for the evaluation of research organisations and evaluation of programmes of targeted support for research, development and innovation

³ Evaluation of selected outputs of basic and applied research based on the selection of the research organisation according to M17+

An electronic form of the list of publication activity is an essential annex to this proposal. An electronic form of citation analysis of papers published in impact factor journals (WoS/Scopus database or other comparable source) is also required.

2. Other published outputs (*development of standards, computer programs, review activities, etc.*):

3. Significant awards for scientific work:

4. Own contribution to the field in which the candidate is to be appointed professor: (*no more than 30 lines of text*):

III: Organisational and other professional activities

1. Membership and positions in international and national professional societies:

2. Membership and positions on editorial boards of professional journals:

3. Membership and positions in expert committees and advisory bodies:

IV. International research visits and collaboration

1. Work placements of at least one month:

Location	Year	Number of months	Type of placement ¹
----------	------	------------------	--------------------------------

¹ E.g. educational activities, scientific research activities

2. Longer-term foreign cooperation

(indicate only if the output is jointly published work):
