

Brunch for Expat Women in Czech Science

with Zsófia Csajbók, Ph.D.

7 May 2024

Kampus Hybersnká
Hybersnká 4, Prague

Dear scientists,

We invite you to another **Brunch for Expat Women in Czech Science**, which we decided to organize in cooperation with Hyb4City after increasing requests. Our invitation was accepted by Zsófia Csajbók, PhD, Assistant Professor at the Faculty of Humanities, Charles University, Prague, who will be a guest speaker at this event.

As the title implies, this event is dedicated to all postdoctoral and early-career women scientists across all disciplines. We aimed to select an inspiring person who manages to develop a successful career path, during which she has to face challenges and overcome many obstacles associated, among others, with being a woman scientist who has chosen to pursue her scientific career abroad. Thus, she can be a role model for her colleagues at the very beginning of their careers.

The Brunch features a presentation by Zsófia Csajbók, followed by a Q&A session, and concludes with refreshments and networking. The event will take place on **May 7, 2024, from 10:00 a.m. to 12:30 p.m., at the Kampus Hybersnká**, and advance registration for the event is required. The event will not be publicly open or audio-visually recorded to guarantee a safe space.

You can register at [this link](#).

If you know of a fellow colleague who might enjoy our event, please forward the invitation.

The whole event will be in English.

We look forward to your participation and to meeting you in person.

Yours sincerely,

Centre for Gender & Science
